INTERMEDIATE ELBOW KIT

44267A03 192C25 **320.42**

Used in conjunction with Exhaust "Y" Pipe kit 807130A21 to convert engine to thru prop exhaust.

Fits MCM 8.1L sterndrive engines w/o exhaust risers and w/ exhaust risers up to 2 in. (51 mm) high.

EXHAUST RISER CHART - GASOLINE ENGINE

(1) If riser is going on a 1997 and older engine, that has the exhaust manifolds in the closed cooling system, also order 2 pcs. of 27-860231 separator gaskets to go between the manifold and risers.

(3) Installation Kit is only required on sterndrive engines that have the exhaust going thru the propeller.

(4) Will not fit MCM V-6 engines with the 1 pc exhaust manifold.

(5) No kit available

(6) Kit not required

(7) Additional kit(s) listed are only required upon initial installation of a riser kit. If replacing existing risers, additional kit(s) listed are not required.
