Crusader Captain's Club

Owners of new Captain's Choice inboards automatically become members of the Captains Club when they register their engines, an exclusive program that provides a level of customer service not found elsewhere in the industry.

Club members have exclusive toll-free access to the "Club Concierge," a special customer service representative who can make sure parts and service needs are met through the nearest qualified Crusader dealer.

In addition, members receive a free one-year Gold Card Membership from Sea Tow®, the country's largest marine assistance network. With outlets in every state, Sea Tow provides a year of free towing, free fuel drops, free jump starts, etc.

Finally, eligible members may enjoy further discounts on Sea-Safe® vessel insurance, famous in the industry for their low rates.

Owners of older and Classic Series Crusaders may join the Captain's Club. For more information [contact us](#).
